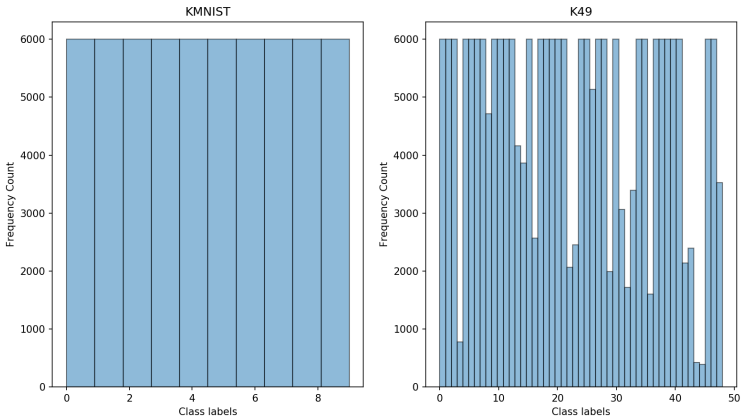
Motivation (The Why)

Motivation (The Why)

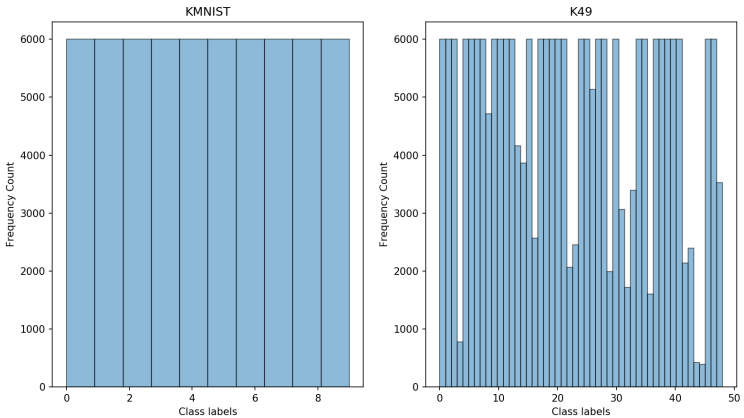
Motivation (The Why)

2 Datasets with differing size, # of classes, class balance

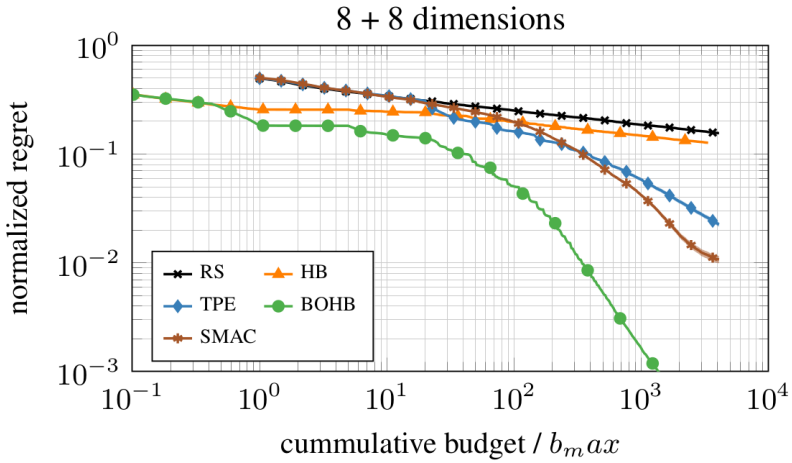


Motivation (The Why)

2 Datasets with differing size, # of classes, class balance



BOHB outperforms SMAC in high dimensional, mixed data



Design Decisions (and BOHB)

CNN equation.

KMNIST and K49

Runs and results.

The extra juice

Data Augmentation.

Final Results

Final numbers to report.
